Improvement District Boundary Extension/Reduction

To be completed by Improvement District Staff/Trustees.

Please include answers to the questions listed below in the body of the email submitting the petition for boundary change.

1. Are there any road right of way issues with these properties?
2. Do you have the capacity to service these properties? [a simple written confirmation is sufficient]
3. Do you use ground water? If so, please confirm that you have applied for a water license.

[A ground water license is now required for ground water under the new Water Sustainability Act. The Minister will not be able to support your application until you are in compliance with provincial legislation.]

4. Please provide a brief and general rationale as to why these properties have request to be included in/excluded from the District (e.g. new developments).
5. Any other details the Ministry should be made aware of regarding the petitioning properties?
