7. Water, Dam, & Operations Report	JS	<ul style="list-style-type: none"> <li>Daily testing and ionex full cycle by MS, BR and TA</li> <li>Dam last inspected April 6th by TA. All OK. Lake level at 42cm. Flow continues over the spillway</li> <li>Chlorine levels continue within proper range. Manual adjustments continue</li> <li>Generator operated monthly</li> <li>Forsta filter screens have mechanical degradation. No spares on hand. To be discussed in New Business</li> <li>Erosion around water reservoir. Fortis to re-send a technician to review/fix</li> <li>BR completed SWS course. Scheduled to write exam April 14th. Ferry cancelled. Reschedule</li> <li>MR started Level 1 Treatment courses. To complete by June 30th</li> <li>SW is back for one month. He has a colleague who can assist with the WTP control panel</li> <li>Sand filter. Getting class 5 rough order of magnitude estimate from Bi-Pure for sea-can re-fit vs prefabricated building. Consider replacement cost of Forsta, if still needed.</li> <li>Plan to start hydrant maintenance program once the meter installation work is complete</li> <li>Wastewater tank level needed adjustment as not working properly</li> </ul>	Info
8. Old Business and Extended	RS	<ul style="list-style-type: none"> <li>Meter Project               <ul style="list-style-type: none"> <li>Running behind schedule. Aim to be substantially complete end of May.</li> <li>School meter to installed during summer break, late June/early July</li> </ul> </li> </ul>	Info

Agenda Item	Lead	Outcome	ACTION
		<ul style="list-style-type: none"> <li>○ Davis Ventures (setter &amp; meter) of 148 - Installed 100, Remainder 48</li> <li>○ VAID (meter only) of 86 - Installed 54, Remainder 32</li> <li>○ Project Total – of 234: Installed 154, Remainder 80</li> <li>○ Neptune 360: 18 onboard, 16 submitted for onboarding, 20 to be activated by MS and submitted for onboarding.</li> <li>○ Operator can install about 5 per day. Only MS does activation.</li> <li>○ Some people are parking on or covering meters. If data transmission is blocked, meters will have to be read manually and owners will be billed for the extra time. Software will alert if transmission stops.</li> <li>○ Project budget recently updated based on all costs so far. Shows about 100k left for unforeseen expenses. Email to Ron for chair report.</li> <li>○ Next COP meeting is billing. Usually there is a presenter with experience. Considering how to bill for leaked amounts, as well as billing systems and frequency.</li> <li>○ Continuous consumption alerts have already notified us of leaks.</li> <li>● Water Operator truck               <ul style="list-style-type: none"> <li>○ New tires purchased for a good deal. Not put on yet due to local machine breakdown and ferry issues.</li> </ul> </li> <li>● Aaron Service WTP work invoicing: Cheque included with offer to RA has been cashed meaning offer is accepted as stated in letter. Invoices that should be credited are still on statement. SH will check in a couple of weeks to ensure follow thru.</li> <li>● Sturt Bay Rd new service size – under discussion with owner &amp; AD.</li> <li>● Nicholas St water main replacement: discovered during installs to be a mix of 1942 steel, PVC, and multiple clamps. Move to capital plan with priority. Do we have the funds to replace if it lets go completely? Est cost 75k. Current Capital Savings about 90k.</li> <li>● Senior Operator Job Title – as MS is also performing Fire Clerk duties, is there a better job title that covers both. Recommended to use which ever title is relevant to situation; Fire Clerk is a commonly used municipal position.</li> <li>● Cleaning Contract: MS will take over Firehall cleaning as a separate contract outside her regular duties. Work will be invoiced through her business. The first cleaning will take longer to bring the building up to standard, after which she will follow the guidelines in the Custodian Job Description.</li> <li>● School Field Trip: Principial Alex Bella asked Trustees for input on a possible school field trip. RS noted that during a previous visit around 2019, students did not get much out of the tour—some wandered from the group and threw items into the water. He suggested inviting parents to accompany future trips. The Board supports education and encouraging science engagement. A microscope could be used to show raw water and organisms caught on the Forsta filter.</li> </ul>	<p>SH check stmt</p> <p>SH update plan</p> <p>SH email AB</p>
9. New Business	RS	<ul style="list-style-type: none"> <li>● Express Lines: Thanks for coming to AGM. Minutes &amp; reports available on website. Highest water use of year long weekend beginning of summer. Fire ban May 15 and water restrictions stage one also. MPP update.</li> </ul>	SH send

Agenda Item	Lead	Outcome	ACTION
		<ul style="list-style-type: none"> <li>Forsta replacement: New filters needed now (1,250 USD ea). Unlikely to last until sand filter is in (which may render Forstas unnecessary). Units are now 7 yrs old. 5 yr maintenance parts total more that entire new unit (6K US ea)</li> <li>AGM this Sat 18<sup>th</sup> – AGM needs at least 3 Trustees for quorum. JC won't be there, not sure about JM. RS, JW, and GF will attend. JC standing again. JM had earlier resigned but then retracted and will stand if there is no one else. JW to look after refreshments. Usual Elections Officer TH is away. SH make script for EO if needed. RW will send Chair report to SH later today. Draft statements ready this afternoon – SH email to Trustees. Fire report compiled by SH has been approved by MR. MR not able to attend. MS will be at meeting – possibly present Fire Report? SH to finish operations report – not for presenting, just reference.</li> </ul>	JS Order new filters
